

# Resurrection Shuffle

Jimmy Barnes

Put yourself out on the middle of the floor  
And blow a little kiss to the women next door  
Step on the gas put your hand in the air  
And make a v sign like you just don't care

Think about nothing now you're nice and high  
Advorcatating love but you don't know why  
Now your getin' vibrations up and down in your feet  
That's the brow beatin' heavy leather resurrection beat

Put your hand in your hip  
Then you let your back bone slip  
Step on the gas put your hand in the air  
Make a v sign like you just don't care  
Now you feel free gonna lose control  
All gods children got some soul  
You don't have to fuss don't have to move a muscle  
Do the brow beatin' heavy leather resurrection shuffle

This gonna last us for years doin' alright

Ya think about nothing now you're nice and high  
You're advocating love but you don't know why  
You get vibrations all down in your feet  
That's the brow beatin' heavy leather resurrection beat

Put your hand in your hip  
Then you let your back bone slip  
Step on the gas put your hand in the air  
Make a v sign like you just don't care  
Now you feel free gonna lose control  
All gods children got some soul  
You don't have to fuss don't have to move a muscle  
Do the brow beatin' heavy leather resurrection shuffle

This gonna last us for years doin' alright

Put your hand in your hip  
Then you let your back bone slip  
Step on the gas put your hand in the air  
Make a v sign like you just don't care  
Now you feel free gonna lose control  
All gods children got some soul  
You don't have to fuss don't have to move a muscle  
Do the brow beatin' heavy leather resurrection shuffle

Doin' all right now  
This gonna last us for years doin' alright  
Doin' alright  
Don't get uptight  
Put your hand on your hip  
Let your back bone slip  
Say move it  
Move it  
Say grove it  
Grove it  
I say move it

Move it  
Move, move, move, move  
Move, move, move, move  
I say move it  
I say move it  
I say move it  
I say move it  
Doin' alright now
