

# Shout

Jimmy Barnes

Well you make me wanna shout  
Kick my heals up and shout  
Through my hands up and shout  
Through my head back and shout  
Come on now shout  
Don't forget to say you will  
Don't forget to say yeah, yeah, yeah  
Say you will say it right now baby  
Say you will come on come on  
Say you will come on and say you will  
Say you will you got it now

Say that you love me  
Say that you need me  
Say that you want me  
Say you want to please me  
Say come on now  
Say come on now  
Say come on now  
Say I still remember  
You used to be 9 years old  
I was a fool for you baby  
From the bottom of my soul  
And now that you've grown up  
You're nothin' more  
Now you want to leave me  
You want to let me go

And I want you to know  
Said I want you to know right now  
You've been good to me baby  
Better than I've been to myself  
And of you and me baby  
I'm leadin' above everybody else  
I said I want you to know  
I want you to know right now

You know you make me wanna shout  
Put my hands up and shout  
Through my head back and shout  
Kick my heals up and shout  
Come on now shout  
Take it easy take it easy  
Take it easy make it easy

A little bit softer now [x8]  
A little bit loader now [x8]

I'm feeling all  
I'm feeling alright  
I'm feeling alright
