

# Still Got A Long Way To Go

Jimmy Barnes

Oh, well I've got one more remaining hour  
With you in this dusty room  
And you know that just like some plastic flowers  
You just never see them bloom  
Oh I burned the candle for you so many times  
You know they never burn too slow  
And I've still got a long way to go

I came across a wise man  
Seemed that he might understand  
Promised that he would lighten up my load  
(yes he did now) I put my money in his hand  
Thought he was a ticket man  
Sent me off down the road  
Well I put my trust in oh so many a man  
Never tell who's friend or foe  
And I've still got a long way to go

Time can be so hard  
Ain't no shuffling of the cards that you dealt  
This I know, now I know  
I walked through fields of snow  
Feeling warm from the after-glow  
I thought I'd never feel the cold  
And you know that I saw a star up in the sky  
Felt that it could be mine  
Instead it was the king of rock'n'roll  
Yeah and things aren't always quite as they seem, no  
I'd paid nothing to see the show  
And I've still got a long way to go  
Still got a long way  
Still got a long way  
Listen now, I've still got a long way  
Still got a long way  
Still got a long way  
Still got a long way  
I've still got a long way  
Still got a long way  
Still got a long way  
Still got a long way  
I've still got a long way to go
