

# Curly

Jimmy Clanton

I hope your new love after me  
Is all the things I couldn't be  
I'm gonna miss you, Curly  
More than I can say

I'll miss the way rain makes  
Your golden hair all curly  
I'll miss so many little things  
You say and do  
That make you, you

Like how you're grumpy  
When I wake you up too early  
I know you're leaving  
And there's nothing I can do

I'm gonna miss you, Curly  
When you go away  
I'm just a simply guy  
Who couldn't make you stay

I hope your new love after me  
Is all the things I couldn't be  
I'm gonna miss you, Curly  
More than I can say

I never have been independant  
As you know, girl  
And it's been good to  
Have your love to lean upon  
When things went wrong

But all that's over now  
I know you're gonna go, love  
Who will I have to lean on  
Curly, when you're gone

I'm gonna miss you, Curly  
When you go away  
I'm just a simply guy  
Who couldn't make you stay

I hope your new love after me  
Is all those things I couldn't be  
I'm gonna miss you, Curly  
More than I can say

I hope your new love after me  
Is all those things I couldn't be  
I'm gonna miss you, Curly  
More than I can say

I hope your new love after me  
Is all those things I couldn't be
