

# Take Your Time

Jimmy Cliff

She says she loves me more than I do  
And she says she's sorry  
She promised me everything too  
She tells me not to worry

But listen baby, make up your mind  
Or both of us you will lose  
Listen baby, we got to find out  
Which one of us you will choose

Take your time if you want  
But don't take mine  
Waste your life if you want  
But don't waste mine

Take your time if you want  
But don't take mine  
Waste your life if you want  
But don't waste mine

She says she loves the way I smile  
With lovely accent when I talk  
She says she loves the reggae nights  
The way I dance when I walk

But listen babe, make up your mind  
Or both of us you will lose  
Listen babe, we got to find out  
Which one of us you will choose

Take your time if you want  
But don't take mine  
Waste your life if you want  
But don't waste mine

Yan or Jimmy, Yan or Jimmy  
I don't who to choose  
Yan or Jimmy, Yan or Jimmy  
Which one I'm gonna lose

Take your time if you want  
But don't take mine  
Waste your life if you want  
But don't waste

Take your time if you want  
But don't take mine  
Waste your life if you want  
But don't waste

Take your time if you want  
But don't take mine  
Waste your life if you want  
But don't waste

Take your time if you want  
But don't take mine

Waste your life
