

# Wahjahka Man

Jimmy Cliff

I never needed nobody, to show me how to walk  
I never needed nobody, to teach me how to talk  
Never needed nobody, to tell me make my mark  
I'm experienced man, I can understand,  
I know how to get along

Wahjahka man, in a any land,  
In a Jamaica, in a Britannia (I'm a)  
Wahjahka man, in a any land,  
In a Africa, in America (uh huh hey hey)

I never needed nobody, to come and hold me hand  
I never needed nobody, to take me thru' the land  
Never needed nobody, to tell me make a stand  
I'm experienced man, I can understand,  
I know how to get along
