

Where There Is Love

Jimmy Cliff

Where there is love, there is no one
No superstar, no police car
Where there is love, it's only right
To walk in light through the darkest night

Where there is love, there is no fear
Where there's love, it takes you anywhere
Where there's love, love, love, I'll be there

Where there is love, oh life's are gloom
But may be it's grown like we all know
Where there is love, there's harmony
And unity comes naturally

Where there is love, there is no fear
Where there's love, it takes you anywhere
Where there's love, love, love, I'll be there

Love ... long and ...
Can it go wrong?
Love, envy it not and it's kind
It's yours, it's mine

Whether it's love you understand
Your brethren man giving away
Where there is love, there's no confusion
Only solutions, illusions

Where there is love, there is no fear
Where there's love, it takes you anywhere
Where there is love

Where there is love, where there is love
Where there is love, where there is love
Where there is love, where there is love

Where there is love, where there is love
Where there is love, where there is love
Where there is love, where there is love

Where there is love, where there is love
Where there is love, where there is love
Where there is love, where there is love
Where there is love
