

Bye Bye Baby

Jimmy Dean

Bye bye baby bye bye what pleasure it gives you when I cry
The love that I borrowed brought nothing but sorrow so bye bye
baby bye bye
This time my fond time brought tears time
Though every moment's of lovely and dear time
When love is one sided somehow you can't hide it bye bye baby b
ye bye
No more red wine and soft lights gone now those happy and gay n
ights
Once more I'll kiss you then oh how I'll miss you bye bye baby
bye bye
Go now quickly from my sake don't look back or you might see th
e heartache
No tears will you spy dear dead men don't cry dear bye bye baby
bye bye
