Hello Mr. Blues

Jimmy Dean

Hello Mr Blues it's me again Spendin' nights alone no love to call my own Remember me Mr Blue I've been here before My heart's been kicked around can't take much more

Don't tell me Mr Blues that she's to blame I don't care who are wright or wrong I just know that she's the one for me And she's gone Mr Blues she's gone

Don't tell me Mr Blues that she's to blame...
