In The Same Old Way

Jimmy Dean

In the same old way I still love you and the same foolish heart still beats for you

Nothing's changed about me since you walked out that day And I still love you in the same old way

In the same old way your mem'ry haunts me

But I know in my heart you'll never want me

Yes you're gone but I still love you just like I did yesterday Yes I still love you in the same old way

Oh I suppose that I should feel better the same time I know I n ever will

Cause I still love you and I can't change the way I feel In the same old way I'm crazy bout you

Can't help wonderin' how I'm gonna live without you

We've said our last goodbye now you've gone so far away

And I still love in the same old way yes I still love in the same old way
