

Weakness In A Man

Jimmy Dean

Funny how you've changed it makes me wonder
have I ever really known you
How could you abuse the kindness and all the tenderness
that I've shown you

If I'd have known then I'd have shown the strength
On which my love could make a stand
But you've mistaken tenderness and kindness
for the weakness in a man

I can give you almost anything
if I know what you're looking for
I can give you everything
that any other man can maybe more

He may of promised you the world
but I can give you anything he can
So don't mistake my tenderness
for any sign of weakness in your man

I may live my life alone
with walls of stone inside some prison cell
But no man's gonna take the love I own
and ever live to tell a tale

So don't forsake the love we knew
cause now you know exactly where I stand
And don't mistake my tenderness
for any sign of weakness in your man

No my display of tenderness
is no sign of weakness in your man
