

# Carry You

Jimmy Eat World

When I know I'm all alone  
Say your name slowly  
And I know that I'm alone  
But I'll carry you

Does it feel good like a memory  
When you try some history  
It's a dream to come around  
The rule doesn't bend,  
Because the taste doesn't taste the same again

It's easy feeling righteous when removed  
All you'll get as what you wanna hear  
It hurts because it should  
How else am I to make it clear?

I could never be the one that you want, don't ask.  
Well, here's to living in the moment  
'Cause it passed.

Maybe a lie is what I need sometimes  
You told the most and best of anyone  
You said to "keep me in your pocket"  
So I carried you

You better choose your words carefully  
Because I'm not your anything  
Gonna stay here in my place  
And you'll stay in yours because  
You're only good as what you're good for

I pace around the room to spend the time  
Waiting while the burning pictures fade  
One thing to make your mind  
And another to say its name

I could never be the one that you want, don't ask.  
Well, here's to living in the moment  
'Cause it passed, it passed.

I'm still carrying a little hope that  
Maybe things could get different now  
Is that so wrong, is that so wrong, is that so wrong?

Would I see you tonight  
At a place we go?  
Could going through the motions, lead to real emotion?  
I wanna make things right  
Before time runs out.  
It was like you said, the taste don't taste like it should  
Roll down the windows  
Let the cold air come in  
Slap my face just feel you somehow again, again....

I could never be the one that you want, don't ask.  
Well, here's to living in the moment  
'Cause it passed.

I could never be the one that you want, don't ask.  
Yeah, here's to living in the moment  
'Cause it passed.  
'Cause it passed, it passed, it passed.
