

Lucky Denver Mint

Jimmy Eat World

This time it's on my own
Minutes from somewhere close
Somewhere I made a wish
With Lucky Denver Mint

You're not bigger than this, not better
Why can't you learn
You're not bigger than this, not better
Why can't you learn

Hurry go on ahead
Good things won't let you wait
I'll catch up when we get home
At home I'll leave
A dollar underwater keeps on dreaming for me

You're not bigger than this, not better
Why can't you learn
You're not bigger than this, not better
Why can't you learn
You're not bigger than this, not better
Why can't you learn
You're not bigger than this, not better
Why can't you learn

Why can't I learn
Why can't I learn
Learn learn learn...

You're not bigger than this, not better
Why can't you learn
You're not bigger than this, not better
Why can't you learn
You're not bigger than this, not better
Why can't you learn
You're not bigger than this, not better
Why can't you learn
