

Sweetness

Jimmy Eat World

Are you're listening? Woah
Sing it back, woah
String from your tether unwinds, woah woah
Up and outward to bind, woah woah

I was spinning free, woah
With a little sweet and simple numbing me

Are you listening? Woah
Sing it back, woah
So tell me what do I need, woah woah
When words lose their meaning, woah woah

I was spinning free, woah
With a little sweet and simple numbing me

Stumble till you crawl, woah
Sinking into sweet uncertainty

Are you listening?
Are you listening?

If you're listening, woah
Sing it back, woah
And I'm still running away, woah woah
I won't play your hide and seek game, woah woah

I was spinning free, woah
With a little sweet and simple numbing me

What a dizzying dance? Woah
Ah ah ah, this sweetness will not be concerned with me

No, the sweetness will not be concerned with me
No, the sweetness will not be concerned with me
