

# Calling Out Your Name

Jimmy Nail

What do you do  
When it hurts  
When the kids  
Call you names ?  
Nobody wants to know you  
They won't let you join in all their games  
And what will you do  
When the man in the moon goes away ?  
And leaves your little world in darkness  
Hiding from the night time until the day

You can come to me,  
I'll know what to do  
And if I don't I'll pretend or I'll lie for you  
But I'll be there for you  
Forever  
Until the day I die

Right there by your side,  
To keep you safe and warm  
Glad to be your shelter from the storm  
Yes I'll be there for you  
Forever  
Until the day I die

And what will you do when you've grown  
And flown away ?  
Where will the four winds take you ?  
Will they bring you back to me someday ?  
And what will you do  
When the one that you love breaks your heart ?  
You have to pick up all the pieces  
But you don't know just where to start

You can come to me,  
I'll know what to do  
And if I don't I'll pretend or I'll lie for you  
But I'll be there for you  
Forever  
Until the day I die

Right there by your side  
To catch you when you fall  
And put you back together  
Whether-with-all  
Yes I'll be there for you for always  
Until the day I die

Until the day I die  
I'll be there  
Until the day I die  
Until the day I die  
I promise  
Until the day I die
