

# Don't Wanna Go Home

Jimmy Nail

Here he come again that man in the mask  
Telling me I have to go home  
Telling me I have to go home again

Pointing with his finger and waving that lamp  
Telling me I have to go home  
Telling me I have to go home again

I don't wanna go home  
Don't wanna go home no more  
I don't wanna go home  
Don't wanna go home no more

Just when I get to thinking that I've shaken him free  
Just when I get to thinking that he's gone from me  
He seems to have a hold upon my soul

Here he come again that man in the mask  
Telling me I have to go home  
Telling me I have to go home again

I don't wanna go home  
Don't wanna go home no more  
I don't wanna go home  
Don't wanna go home no more

Because I've been a lot of places that I shouldn't have been  
Seen a lot of faces that I shouldn't have seen  
Said a lot of bad things that I really didn't mean  
But they still won't let me go

I don't wanna go home  
Don't wanna go home no more  
I don't wanna go home  
Don't wanna go home no more
