

## For Freedom

Jimmy Needham

O to be delighted by you  
And to see the colors of your train  
And to be freed by you  
That would be that would be  
That would be my claim to fame  
So rejoice my friend because my friend  
You've got a friend and friend indeed  
It is for freedom he set us free

But Simon says to fill your void  
With toy after toy after girl after boy  
After all isn't that what we were meant for  
Please believe me when I say  
It is for freedom he set us free

O poor us we sigh  
Pour us out I cry  
So we can be free

The bigger picture is there is a holy calling  
O how I'm slowly falling  
Falling falling in love  
And your water has been pouring out on me  
How could I be so naive  
It is for freedom it is for freedom  
It is for freedom he set us free
