

# You Make Me Sing

Jimmy Needham

The LORD reigns let the earth be glad  
And let the distant shores rejoice and dance  
For all they have  
You're making the skies say your name  
You're making me do the same

You make me sing  
That from forever before the LORD he reigns  
And you, you make me sing  
That from the ends of the earth your song will ring  
And so on and on we'll hum these things  
Until forever ahead cause you make me sing

You make me sing  
You make me sing  
You make me sing

The LORD gives let the earth receive  
And if we turn and seek his face  
Then we will see the light of day and be free  
And he holds out his hand  
I hope that we understand

[Chorus]

And the seas resound  
We hear jubilant sounds  
From the air to the ground  
From the air to the ground  
From the air to the ground

[Chorus]
