

She Just Satisfies

Jimmy Page

Hey, she just satisfies
Hey, you know she satisfies,
so good

And every evening when I go round
she's at the door, oh
She makes me feel so good
the way she loves me so
So good

So buddy you better stay well far away,
'cause she's my baby,
you better hear what I say.
Oh yeah

Hey, she just satisfies
Hey, you know she satisfies,
so good

Good, good lovin',
she gives me it don't you know, oh.
I'm gonna take her
everywhere I go.
