

## As Long As There Is L-O-V-E Love

Jimmy Ruffin

You've told me lots times there's another on your mind  
And you say that you find it's so hard to forget him  
No matter how I try, I still envy the guy  
Even though I'm sure that I never even met him

But I've been lovin' you so long  
And my love's been true, so long, don't you know  
As long as there is L-O-V-E love  
And T-I-M-E, time, it's for sure that I'm

I'm gonna keep on trying  
(I'm gonna keep on trying)  
I'm gonna keep on trying  
(I'm gonna keep on trying)  
Every day, yeah  
(I'm gonna keep on trying)  
Yeah

They say patience is a virtue, so I will not desert you  
I realize he hurt you so it's gonna take some time, now  
For you to forget about him and learn to live without him  
Don't doubt me 'cause you doubt him  
'Cause we could make some time now

And I'll be trying hard for you  
I need you, baby, yes, I do, don't you know  
As long as there is L-O-V-E, love  
And T-I-M-E, time, it's for sure that I'm

I'm gonna keep on trying  
(I'm gonna keep on trying)  
I'm gonna keep on trying, baby  
(I'm gonna keep on trying)  
Every day, yeah  
(I'm gonna keep on trying)  
Hear what I say, yeah  
(I'm gonna keep on trying)
