Now I know where you go, what you do,
When you're away from me.

Who he is, what's his name, where he lives, all the aims,
But no longer will I play your foolish game.

You took my heart and you tore it in too many pieces,
but I've put it all together again.

There's a fire down in me
That's burning so bright
With a longing, with a yearning to be free.

I won't cry, I won't cry,
No I won't waste my tears,
I'll get by, I'll survive without you.

I gave you the stars, I gave you the moon and my heart,
But you took them all and threw them all away.

I don't want you, I don't need you,
hard as I try,
I've got strength enough down inside for two.

When you leave, when you leave,
Just look the other way,
I won't waste my breath, my tears,
There's nothing to say.
