

Love Thing

Jimmy Somerville

I hold my heart on high for y'all to see
He's the one who sets desire free
Loving him comes on high on my ambitions
Whatever road we take I got to do or die

We got this love thing, love thing
We got this love thing, goin' on
We got this love thing, love thing
We got this love thing, goin' on

We got this love, love, love
Love, love, love
We got this love, love, love
Love, love, love

There came a time when my reality
Hurt me day by day then deserted me
But now I fight my way through those inhibitions
With the man who rescued me from the ghetto in my mind

We got this love thing, love thing
We got this love thing, goin' on
We got this love thing, love thing
We got this love thing, goin' on

We got this love thing, goin' on
We got this love thing, goin' on
Such a feeling, ooh such a feeling
Such a feeling, ooh such a feeling

Goin' on and on
Goin' on and on
Goin' on and on
Goin' on and on

We got this love thing, love thing
We got this love thing, goin' on
We got this love thing, love thing
We got this love thing, goin' on

We got this love thing, love thing
We got this love thing, goin' on
We got this love thing, love thing
We got this love thing, goin' on

We got this love thing, love thing
We got this love thing, goin' on
We got this love thing, love thing
We got this love thing, goin' on

Such a feeling goin' on, goin' on
Such a love thing, such a love thing
Such a love thing goin' on
