

Christmastime

JJ Heller

It's the time of year again, station wagons pulling in
I can see it's gonna be another Christmas to remember

Oh Christmastime, Oh Christmastime
We'll all be fine in a week or two

All the relatives are here, Grandpa and his Santa beard
How can it possibly already be December

Wasn't it just July? I was alone in my room without a
cousin in sight
So far the only one who's having fun is the reindeer on
my sweater,
Does it get any better?

Oh Christmastime, Oh Christmastime
We'll all be fine in a week or two

You know you wouldn't change a thing
The craziness and love that only Christmas brings

But don't be too upset when everyone leaves
'Cause you know that they will all be back for New Year's
Eve
