

Love Can Make You New

JJ Heller

Open your heart, Love
There was a time when your dreams
Were not so small
Even in the dark of night
You know the sun will rise after all

Don't run away
Don't be afraid
Love can make you new today

Open your eyes now
It doesn't matter how many times you fall
Leave the past behind
I am on your side through it all

Don't run away
Don't be afraid
Oh, love can make you new today

Yesterday is gone, gone, gone
Oh, it's not too late to find your way home

Don't run...
Don't be afraid
Don't run away
Don't be afraid
Oh, love can make you new
Don't run away
Don't be afraid
Oh, love can make you new
Oh, love, love, love
Oh, love can make you new today
