

## Love Can Make You New

JJ Heller

Open your heart, Love  
There was a time when your dreams  
Were not so small  
Even in the dark of night  
You know the sun will rise after all

Don't run away  
Don't be afraid  
Love can make you new today

Open your eyes now  
It doesn't matter how many times you fall  
Leave the past behind  
I am on your side through it all

Don't run away  
Don't be afraid  
Oh, love can make you new today

Yesterday is gone, gone, gone  
Oh, it's not too late to find your way home

Don't run...  
Don't be afraid  
Don't run away  
Don't be afraid  
Oh, love can make you new  
Don't run away  
Don't be afraid  
Oh, love can make you new  
Oh, love, love, love  
Oh, love can make you new today
