

Olivianna

JJ Heller

Hearts broke... when your heart stopped beating
I don't... know if mine will ever stop bleeding
Eleven minutes to breathe you in
I felt the darkness
When I knew I couldn't hold you again
When I knew I couldn't hold you again

Olivianna, you're in the arms of God
Just a moment there is better than here

Life is... short, but it is wide
I know it's true
You've touched more souls
Than most people ever do

Olivianna, you're in the arms of God
Just a moment there is better than here

You could not stay with us
We will come to you
You could not stay with us, ooh
You're going home, Love, where you belong
Oh my baby girl, I'll see you soon

Olivianna, you're in the arms of God
Just a moment there is better than...
Olivianna, you're in the arms of God
Just a moment there is better than here
