

# When You Come Back

JJ Heller

I don't know how to follow you without losing my way  
Jesus come and take me by the hand  
I don't know how to trust that you will do the things you  
say  
Spirit teach me how to understand

That your love can heal the wreckage of my soul  
The beauty of your light shining in me

I don't know when you'll take me home to paradise with  
you  
The day when I will finally be free  
Oh the day when you come back for me
