

When I'm in the club  
I'm always on a drug  
If you get a hug  
Guess what drug  
I'm on ecstasy  
In miami!  
Bienvenido a Miami!

Where are you we're gettin' high  
But only on our own supply  
It's the truth we never lie  
Whatever I do I'm ready to die  
In the new school learnin' to fly  
Never follow the rules don't ask me why  
We're by the pool waiting to dry

When I'm in the club  
I'm always on a drug  
If you get a hug  
Guess what drug  
I'm on ecstasy  
In Miami!  
Bienvenido a Miami!

Where are you gettin' high  
But only on our own supply  
It's the truth but you never lied  
Whatever I do I'm ready to die  
The new school learn their ???

Never thought of us  
Don't ask me why  
Ready to drop

When I'm in the club  
I'm always on a drug  
If you get a hug  
Guess what drug  
I'm on ecstasy  
In Miami!  
Bienvenido a Miami!
