## **Into The Light**

You get up every morning by the echoes of your dream Getting hit by life and a world that intervenes It's not easy getting out of bed It's not easy getting it out of your head

And it feels like everything is right And it feels like as you step into the light

It's the life I chose to live It is all I have to give I take my time to perfect the beat I still got love I keep it neat Do you feel the heat
