

Torrential high seas
Dragged me to my knees
Bleeding perfumed blood
Magic mixed with mud and

Grace I need you to ease
My place in this world
Of face I don't want to ever

Death defying breeze
Is just what I need
Ease this passing blood
Pressure in my ears and

Grace I need you to ease
My place in this world
Of face I don't want to ever

Torrential high seas
Dragged me to my knees
Bleeding perfumed blood
Magic mixed with mud and

Grace I need you to ease
My place in this world
Of face I don't want to ever
