

## Not Like You

JJ72

Wrap me up in confidence  
Break it down when it suits you  
Always separate  
No matter what happens

Always needing more  
Never content  
That's me no capacity  
For complete generosity

Not like you  
Possibly  
Please love me  
Sincerely

Claim you believe it's true  
Story could have confused you  
Maybe I was wrong  
Maybe you were strong

Take it out on me  
I will fight with thee  
Because I need things to  
Go wrong when they are right

Not like you  
Possibly  
Please love me  
Sincerely

Wrap me up in confidence  
Break it down when it suits you  
Always separate  
No matter what happens

Always needing more  
Never content  
That's me no capacity  
For complete generosity

Not like you  
Possibly  
Please love me  
Sincerely
