

# Hold Me Down

JLS

Stuck on the darkside,  
Reaching for daylight,  
Nothing wrong with all right,  
But that ain't me

I make suggestions,  
Answers to questions,  
All that they told me  
Was let it be

Coz all my life,  
You know I was dreaming about,  
About a way to find a way out,  
You know, You know  
They can't hold me down  
They say that man ain't meant to fly,  
But I'm reaching up for the sky,  
You know, You know  
They can't hold me down

Countless obstacles in my life,  
I just can't seem to do right,  
But I keep trying

It seems they wanna knock me down  
Like Mya, still I rise,  
It won't happen this time, no,  
I made up my mind

Coz all my life,  
You know I was dreaming about,  
About a way to find a way out,  
You know, You know  
They can't hold me down  
They say that man ain't meant to fly,  
But I'm reaching up for the sky,  
You know, You know  
They can't hold me down

Da, da, da, da, da,  
Da, da, da, da, da,  
Da, da, da, da, da,  
Yeah

Mountains in my way, I can't lie,  
At times they seem too high,  
But I just climb

I told them that I won't stop 'til I reach the other side,  
They don't get to decide, no,  
I made up my mind

Coz all my life,  
You know I was dreaming about,  
About a way to find a way out,  
You know, You know  
They can't hold me down

They say that man ain't meant to fly,  
But I'm reaching up for the sky,  
You know, You know  
They can't hold me down

Nothing stays the same,  
Everything's meant to change,  
See, I'm meant to be free,  
So take your chains off me

I'm gonna turn it around,  
Nothing can stop me now,  
Some things are meant to be,  
This time it's about me

Coz all my life,  
You know I was dreaming about,  
About a way to find a way out,  
You know, You know  
They can't hold me down  
They say that man ain't meant to fly,  
But I'm reaching up for the sky,  
You know, You know  
They can't hold me down

Da, da, da, da, da,  
Da, da, da, da, da,  
Da, da, da, da, da,  
Yeah

Stuck on the darkside,  
Reaching for daylight,  
Nothing wrong with all right,  
But that ain't me
