

# Love You More

JLS

First day that I saw you, thought you were beautiful  
But I couldn't talk to you, I watched you walk away  
And it felt like I spent all of that second day  
Trying to figure out what it was that I should have said

Third day, saw you again, introduced my friend  
Said all the words I wanted to  
On day four and five and six, I don't know what you did  
But all I could think about was you

Thought I couldn't want you more than I did before  
But every day I love you a little bit more  
Find myself asking, what are you waiting for?  
'cause every day I love you a little bit more

Days, they turned into weeks  
That's how good this has been  
Said I can't believe the way this first year has gone

Still, you catch me by surprise when I look in in your eyes  
When you turn and say that you love me

Thought I couldn't want you more than I did before  
But every day I love you a little bit more  
Find myself asking, what are you waiting for?  
'cause every day I love you a little bit more

(and more)

I love you more (and more)  
I love you more (and more)  
I love you more

Day one, I first laid my eyes on you  
Day two, I can't help but think of you  
Day three was the same as day two  
Day four, I fell in love you

Day five, you spent it with me  
Sixth day, knocked me off my feet  
Day seven, that's when I knew  
I'd spend the rest of my life with you

Thought I couldn't want you more than I did before  
But every day I love you a little bit more  
Find myself asking, what are you waiting for?  
'cause every day I love you a little bit more

Every day, knowing I'm gonna see your face  
And that's enough for me  
I want you more and more and more every day

(and more) I'm gonna spend my life with you  
(and more) every day, there's something new  
(and more) and love you more and more and more every day

(and more)  
And I love you more (and more)

I love you more (and more)  
I love you more
