

# Never Gonna Stop

JLS

I'm never gonna stop, missing you, still be loving you  
Wishing you was still mine,  
I'm never gonna stop, thinking about,  
What we were doing now, if you were still in my life

Do you remember how fast time went  
When I would that walk at to stop that kiss, no  
Now we're standing on the front line,  
Never thought that I would end like this, no  
And I won't let it show,  
But you know if you go, oh

I'm never gonna stop, missing you, still be loving you  
Wishing you was still mine,  
I'm never gonna stop, thinking about,  
What we were doing now, if you were still in my life  
I'm never gonna stop, cause I need you by my side  
Never gonna stop, baby till I drop  
Never gonna stop, now I know what I got

Now baby baby tell me  
Did you mean it that one time when you said it's over  
But you can't go back,  
Cause if I ever see you with a new guy  
I don't know how I'll ever deal with that  
No, but I won't let it show, oh no  
But you know, if you go, oh, oh, oh

I'm never gonna stop, missing you, still be loving you  
Wishing you was still mine,  
I'm never gonna stop, thinking about,  
What we were doing now, if you were still in my life  
I'm never gonna stop, cause I need you by my side  
Never gonna stop, baby till I drop  
Never gonna stop, now I know what I got

Never gonna stop, no, stop, no  
Never gonna stop, no, stop, no

Do you remember how fast time went  
When I would that walk at to stop that kiss, no  
Now we're standing on the front line,

I'm never gonna stop, missing you, still be loving you  
Wishing you was still mine,  
I'm never gonna stop, thinking about,  
What we were doing now, if you were still in my life  
I'm never gonna stop, cause I need you by my side  
Never gonna stop, baby till I drop  
Never gonna stop, now I know what I got.
