

Unstoppable

JLS

I walk on stars
And sleep on clouds
I float on mars
When you're around

Turn the lights down low
And the radio up high

I outrun cars
And race the sun
I walk on water
Stop the bullets from a gun

Turn the lights down low
We don't need them when you smile

Can you feel it
Yeah... yeah
Let me hear you say
Yeah... yeah
Hey, Hey, Hey

We're unstoppable
We're hard as rock
We go all night long
'Cause we just don't drop
We're untouchable
Can't take us down
You're so beautiful
I wanna shout it out
Say yeah... yeah
So unstoppable
Yeah... yeah
Cause you're incredible
We're unstoppable, stoppable

I break through walls
And smash down doors
I strike at light
When I dance to storms

Turn the music up
'Cause it's going down tonight

I, I, I, I breathe your words
I taste your thoughts
I draw my power from yours lips
Your touch, your touch

Turn the music up
Let the rhythm blow your mind

Can you feel it
Yeah... yeah
Let me hear you say
Yeah... yeah
Hey, Hey, Hey

We're unstoppable
We're hard as rock
We go all night long
'Cause we just don't drop
We're untouchable
Can't take us down
You're so beautiful
I wanna shout it out
Say yeah... yeah
So unstoppable
Yeah... yeah
'Cause you're incredible

We're unstoppable
When my heart in your hands
We're untouchable
When you kiss me
Swear I can fly, touch the sky
'Cause you're incredible
We are unstoppable, stoppable

Ah... ah... ah
We are unstoppable
Yeah. oh yeah.yeah... yeah...

We're unstoppable
We're hard as rock
We go all night long
'Cause we just don't drop
We're untouchable
Can't take us down
You're so beautiful
I wanna shout it out
Say yeah... yeah
Say yeah
We're unstoppable
Yeah... yeah
Cause you are incredible
We're unstoppable, stoppable
We are unstoppable
Unstoppable
(We are unstoppable)
So we are unstoppable
(We are unstoppable)
(We are unstoppable)
(We are unstoppable)
