

Cruel Intentions

JMSN

Said now I...
I've got so much on my mind
Talking about everything, oh baby
And I can't sleep, yeah
Wish I could turn back the hands of time

Everybody wants to fuck someone else
Wanna feel the thing they never felt when they was with you
My girl would tell me, "Go and get some help"
I tried and tried, but I can't seem to figure out the issue
What's the issue?

At the end of the day, I just want some attention
With all this empty space, we've got such cruel intentions
Cruel intentions
Cruel intentions
I'm going back in

I made my fair share of mistakes
I've had my fair share of bad breaks
I met the real, I met the fake
Started to learn how much time it takes, yeah

Everybody wants to fuck someone else
Wanna feel the thing they never felt when they was with you
Wanna feel the thing they never felt when they was with you
My girl would tell me, "Go and fuck yourself"
I tried and tried, but I can't seem to figure out the issue
What's the issue?

At the end of the day, I just want some attention
I want your attention
With all this empty space, we've got such cruel intentions
Cruel intentions
Yeah I've got such cruel intentions
Cruel intentions

Let me play my guitar
Healin' all your scars
Let me play my guitar
Healin' all your scars
Let me hear you, baby, c'mon
Let me hear you, baby, c'mon
Cruel in... cruel intentions
Say cruel in... cruel intentions
Say cruel in... cruel intentions
Say cruel in... cruel intentions
Say cruel in... cruel intentions
Say cruel in... cruel intentions
Say cruel in... cruel intentions
You've got such cruel, got such cruel intentions
Say cruel in... cruel intentions
Say cruel in... cruel intentions
It's cruel, it's cruel, yeah
Cruel
Cruel
Say cruel in... cruel intentions
