

Most of All

JMSN

I miss the, woo
I miss the...

I miss the pleasure, I miss the pain
I miss the fire, I miss the rain
But most of all, yeah, I miss the mmm-mmm-mm
Mmm-mmm-mm, I miss the woah-ooh-ooh

I miss the moon, I miss the sun (I miss the sun)
I miss your hips, your lips, I miss your tongue
(You know I miss your hips, your lips, your tongue)
Most of all, most of all
I miss the mmm-mmm-mm, said...

If something feels right
In the middle of the night
You got to do it
Know you got to do it
Think about it all the time
So baby tell me why I got to prove it
Yeah, yeah, yeah, yeah
I miss the...mmm-mmm-mmm

I miss the dinner, I miss the lunch
I miss the breakfast, i miss the brunch
But most of all, most of all
I miss the mmm-mmm-mmm

I miss the stars in the sky (twink, twink, twink)
I miss doing the things you said you never tried
But you lied, but you lied
Cause after all, I got the...woo

If something feels right
In the middle of the night
You got to do it
Know you got to do it
Think about it all the time
So baby tell me why I got to prove it
Yeah, yeah

I miss the big things, I miss the small
I miss the sex, I miss the texts, I miss the calls
But most of all, most of all...
I miss the, I miss the, I miss the, I miss the
Hey, hey, yeah, mmm-mmm-mmm

Said if something feels right
In the middle of the night
You got to do it
Know you got to do it
Think about it all the time
So baby tell me why I got to prove it
Yeah, yeah
