## **Because You Love Me**

## Jo Dee Messina

I don't know how I survived In this cold and empty world for all this time I only know that I'm alive Because you love me

When I recall what I've been through There's some things That I wish I didn't do Now I do the things I do Because you love me

And now that you're in my life I'm so glad I'm alive 'Cause you showed me the way And I know now how good it can be Because you love me

And now that you're in my life Oh, I'm so glad I'm alive 'Cause you showed me the way And I know now how good it can be Because you love me

I believe in things unseen I believe in the message of a dream And I believe in what you are Because you love me

With all my heart and all my soul I'm loving you and I never will let go And every day I'll let it show Because you love me Because you love me Because you love me
