

## Cover Me

Jo Dee Messina

I'm not afraid  
I can count on you  
To catch me now  
I'll just let go  
One thing is true you won't let me down  
With your arms around to

Cover me  
With the sweetest touch I've ever known  
Cover me  
You won't let me face love alone

I know that smile  
It's like a shelter over me  
Your arms will reach me wherever my heart leads  
I'll blindly believe you'll

Cover me  
With the sweetest touch I've ever known  
Cover me  
You won't let me face love alone

Cover me  
I lay beneath the sky above  
I close my eyes and let your love  
Cover me

Cover me  
With the sweetest touch I've ever known  
Cover me  
You won't let me face love alone

Cover me  
With the sweetest touch I've ever known  
Cover me  
You won't let me face love alone

Cover me  
Cover me  
You won't let me face love alone
