

# I'm Home

Jo Dee Messina

Every night that I have cried my self to sleep  
Every time when I have given up on dreams  
And every hope and prayer had fallen through  
I was only on my way to you

Baby, I'm Home  
When it's only you and me  
All this crazy world just seems to disappear  
Baby I'm Home  
With you I found my way  
And the perfect place where I lay down my sole  
Baby I'm home

I never new that love could make me feel this way  
Never new two arms could make me feel so safe  
And all the times I thought that I was fine  
You showed me what was missin in my life

Baby, I'm home  
When it's only you and me  
All this crazy world just seems to disappear  
Baby I'm Home  
With you I found my way  
You're the perfect place where I lay down my sole  
Baby I'm home

All the heartache, all the lonely, all the pain  
All the times I lost my way  
Now I know were not in vain

I'm home  
And it's only you and me  
All this crazy world just seems to disappear  
Baby I'm Home  
Cause With you I found my way  
You're the perfect place where I lay down my sole  
Baby I'm home  
I'm home
