

# Can't Get Over (How I Broke Your Heart)

Joan Armatrading

Tried to do the best for you  
Things I said  
Were meant to last  
Loved you so  
I hate to go  
I feel strong with you

I know I deserve this  
If I could change the hands of time  
Turn back the page

I can't get over  
How I broke your heart  
And the moment  
That I lost my pride  
And I can't forget  
That look in your eyes  
You were begging me  
Don't make you cry  
Loved you so  
I almost said  
I was home alone  
But i couldn't see you more hurt  
When you found out the lie

Not your fault  
Not your fault  
I know I've deceived you  
I let my head be ruled While my conscience told me  
If I get caught  
Our love will end  
I didn't seem to care

Now I can't get over  
How I broke your heart  
And the moment  
That I lost my pride  
And I can't forget  
That look in your eyes  
You were begging me  
Don't make you cry  
Now I can't get over  
How I tore my whole world apart

I can't get over  
How I broke your heart  
And the moment  
And I can't forget  
That look in your eyes  
You were begging me

Love you so I always will  
Though you're miles from me  
And I can't get over  
How I tore my whole world apart

I can get over

How I broke your heart  
And the moment  
And I can't forget  
That look in your eyes  
You were begging me

I can get over  
How I broke your heart  
And the moment  
That I lost my pride  
And I can't forget  
That look in your eyes  
You were begging me  
Don't make you cry
