

Frustration

Joan Armatrading

Throw it at the bar, stamp your feet
Punch out a guy, any guy you meet
Hey chainsaw, I'm bigger than you
Hey chainsaw, I'm bigger than you

Frustration, find it there wrapped up his tails
Frustration, find it there on the factory floor
Frustration, find it there in the body of a man
Frustration, it's frustrating

Material
It's who you know
It's sexual
It's the way it goes
Hey chainsaw, I'm bigger than you
Hey chainsaw, I'm bigger than you

Frustration makes you do things
Frustration
Frustration, it'll change your colour, it'll make you green
Frustration, another major dream that could make you blue

Smoking engine
Find a fool
A heat too hot
And coals too cool

Frustration, it'll make you feel like it won't break down
Frustration, a strength to break to the mind of a child
Frustration, a movie man put a hex on you
Frustration, rub it in, work it in

Hey chainsaw, I'm bigger than you
Hey chainsaw, I'm bigger than you

Frustration makes you do things
Frustration
Frustration, a movie man put a hex on you
Frustration, rub it in, work it in

Hey chainsaw, I'm bigger than you
Hey chainsaw, I'm bigger than you
Frustration
Hey chainsaw, I'm bigger than you
Hey chainsaw
Frustration
I'm bigger than you
