

# Like Fire

Joan Armatrading

I'm trembling  
You got the touch  
I'm under  
And you got the power  
When I feel your body next to mine  
I know everything is gonna be all right

Hey, I'm trembling  
I'm all on edge  
I'm under

And you've got the power  
You can be fire  
Or sugar sweet like honey

Like honey  
When you wanna be  
When you're around me  
It's like the sun up above

You may be fooling  
But I'm deep in love  
Let's stay together  
That's how it should be

I'll only leave  
If you leave me  
I'm walking

I'm in the air  
Who needs money  
To ease the care  
All it takes is just one kiss  
Just one kiss will buy off a million tears

I'm walking  
I'm in the air  
You can be fire  
Or sugar sweet like honey

Like honey  
When you wanna be  
I'm walking  
I'm in the air  
When I hear you call my name  
Gives me the feeling that I love so much

I'm under  
You've got the power  
I'm under  
You've got the power  
Call me on the telephone  
Just to say you love me and how much
