Joan Armatrading

I see you looking at me  
I know we're from different sides of town  
You've never traveled  
And I've been all around  
Hey  
Let me take your hand  
Hey hey yeah  
From where I stand  
You're in need of a friend  
So let the good times roll  
Let the good times roll

I see something in you  
I see it, how come they don't  
You're a good person  
And they'll come around  
Hey let me take your hand  
Hey hey yeah yeah  
I can see you change  
You're in need of a friend  
So let the good times roll  
Let the good times roll  
Let the good times roll  
Let the good times roll

Everybody says  
Don't hang around with Liza  
She's from the wrong side of town  
The part where folks live on welfare  
The part where you find needles on the ground  
It's the side where the kids hang out in gangs  
And wear the hoodies  
And the masks  
To hide their face  
If you make friends with a girl like that  
Well it's a big disgrace

Everybody say  
This that  
This that  
This that  
This that

Hey Liza  
I'd like a friend like you  
Hey Liza  
I think you're kind of cute  
Hey Liza  
I'm gonna make up my own mind  
I'm gonna make up my own mind

I see you looking at me  
I know we're from different sides of town  
You've never traveled  
And I've been all around  
Hey Liza  
Let me take your hand

Hey hey yeah yeah  
Yeah yeah yeah  
From where I stand  
You're in need of a friend  
So let the good times roll  
Let the good times roll  
Let the good times roll  
Let the good times roll
