

More Than One Kind Of Love

Joan Armatrading

There's a lot of things you should hold dear
Keep in your heart
Never let go, never let go, never let go
Pride and dignity, a sense of self, hold on

When that boy leaves
And you need someone to turn to
When you feel alone
You will know you're not alone

If you've been true
To all who are true to you
You'll make it, you'll make it fine

If you remember your friends
Just remember, you can call
Just remember that passion fades
Good friendships seldom die

Go ahead, have your fun
But don't turn your back on everyone
Though the body needs love
There is more than one kind

More, more than one kind of love
There is more
More than one kind

Yes, he fills your heart
Fills your mind
He's all you want
All you need

Everything, everything
Everything but
Love, it's that that exclusive
That obsessive can hurt

When that love pales
And becomes human emotion
Where will you go
If you've neglected those you know?

But if you stay true
To those who are true to you
You'll make it, you'll make it fine

If you remember your friends
Just remember you can call
Just remember that passion fades
Good friendships seldom die

Go ahead, have your fun
But don't turn your back on everyone
Though the body needs love
There is more than one kind

More, more than one kind of love
There is more
More than one kind

More, more than one kind of love
There is more
More than one kind

More, more than one kind of love
There is more
More than one kind

More, more than one kind of love
There is more
More than one kind
More, more than one kind of love
