Only One

Joan Armatrading

I wanna be just where you are I wanna take you So far away with me

I wanna be your only one I wanna be the one You run to when you're down

I wanna be the one you love I wanna be the only one You want around

Make me feel good Make me feel fine Beautiful eyes Promise of paradise

Make me feel good Make me feel fine Beautiful eyes Promise of paradise

I wanna be just where you are I wanna take you So far away with me

I wanna be your only one I wanna be the one You run to when you're down

I wanna be the one you love I wanna be the only one You want around
