

# Two Tears

Joan Armatrading

I cried two tears  
And not for the first time  
I cried these tears for you

I cried all night  
And I promise myself  
I won't ever cry this way again

Just like the sun  
Follows every rain storm  
And night gives way to dawn

You treat me bad  
Try to drag me right down  
But from here I can still see the stars

My luck just changed  
Once I open that door  
I am never gonna take you back

Hey it's a miracle  
Time just stood still  
So I can watch the frame  
And what a shock  
What a revelation  
This is life changing

Blows raining down on me  
And me I crawl like a puppy dog  
And I answer as soon as  
I hear you call  
Yeh

No more no more  
No more crying eyes now  
I've cried too much for you

I cry all night  
And I promise myself  
I won't ever cry this way again  
I won't cry this way again  
No  
No

I cried two tears  
And not for the first time  
I cry these tears for you

I cried  
Enough  
No more  
It's time  
To say  
Goodbye  
Goodbye  
Hey

I own myself  
Yeh I gave you control  
But I'm taking my possessions back

You crowned you king  
But your princess just woke up  
From a sleep yeh you're a hypnotist

Hey it's a miracle  
Time just stood still  
So I can watch the frame  
And what a shock  
What a revelation  
This is life changing

Blows raining down on me  
And me I crawl like a puppy dog  
And I answer as soon as  
I hear you call  
Yeh  
Yeh

Hey it's a miracle  
Time just stood still  
So I can watch the frame  
And what a shock  
What a revelation  
This is life changing

Blows raining down on me  
And me I crawl like a puppy dog  
And I answer as soon as  
I hear you call
