

Warm Love

Joan Armatrading

I want to beat off your advances
But know that you are winning
Water for your thirst your fuel to burn
Let me be your night potion, your one Romeo
Let me feed that keen appetite

Warm love, warm love
I'll give you kisses in the morning
Your starter for the night

I want to sit right down beside you
With one thought inside my head longing for love
Little darling love that won't give up
Let me, let me be the reason
For lonely sleepless nights
Let me feed that keen appetite

Warm love, warm love
I'll give you kisses in the morning
Your starter for the night

Oh when I hold you in my arms
I am the victim
Oh when I hold you in my arms
I can feel you I can feel you, taking effect

It's a warm love, good lasting love
I'll give you kisses in the morning
Your starter for the night
I'll give you kisses in the morning
Your starter for the night
Starter for the night
