

# When I Get It Right

Joan Armatrading

You always say  
When I just messed up  
Did bad, done wrong, gone too far  
Caused such pain, such shame

I'm illegal see one sided  
No fair a sin there  
Act queer, odd ball

I mishandle, you trample  
So strong wear crown  
Under foot put upon hold down

Hey, when I get it right will you tell me please?  
Oh, when I get it right will you tell me please?  
I wanna know, I gotta go  
I wanna know, I gotta go

You always say no  
You don't mean yes  
No way, hold out  
Turn around two refusals

Deaf ear turned here  
Not want leave room  
All fault here shake head  
Drop dead

Hey, when I get it right will you tell me please?  
Oh, when I get it right will you tell me please?  
I wanna know, I gotta go  
I wanna know, I gotta go

Hey, when I get it right will you tell me please?  
Oh, when I get it right will you tell me please?  
I wanna know, I gotta go  
I wanna know, I gotta go  
I wanna know, I gotta go
