

Show Me The Life

Joan as Police Woman

I believe you
And I love you
Tell me I will be
In your eyes and
On your lips only
Tell me
I won't forget

Sell me on permanence
I'd never thought of it
Show me daddy
Show me the life
And I'll go there

Strip me
I'm already threadbare
Enough to see
The mark of blueprint
In my makeup
Mapping the ghost in me

Sell me on permanence
I'd never thought of it
Show me daddy
Show me the life
And I'll go there
Show me the life
And I'll go there
Show me the life
And I'll meet you there
